# **COUNCILMEN WERE** TOO BUSY TO ACT

Committee Sessions of Last Night Farcical-Everything Put Aside.

NO ACTION ON MORAN BILL

Matter Again Goes Over and May Finally Land in Court for Settlement.

Because the city council committees were too busy talking politics to give their time in discussing and acting upon matters concerning the people's interests, several important matters were passed up Thursday night. Patrick J. Moran's bill of \$20,458.76 for repairing the wooden stave pipe line is still left in the air. The committees neglected to make the necessary changes which must be made in the meat inspection ordinance. The Fernstrom resolution against slot machines was ignored.

It is probable that the special com mittee will recommend to the city council next Monday night that Moran's bill is excessive and that it be denied, although a majority report is not ready, because T. R. Black and L. D. Martin refused to sign. If the council adopt the committee export the contractor refused to sign. If the council adopt the committee report, the contractor will have to appeal to the courts in order to collect the bill. The report was signed by Councilmen J. D. Murdoch, G. H. Raybould and L. E. Hall.

On the ground that nothing could be done in these matters because there is

done in these matters because there is no money left in the city treasury by the "American" party politicians, the committee siapped the residents of several districts in the face by referring important questions to the financial committee, so that they will be held over until next year. The petition for sidewalks on all strects and avenues between Sixth and Ninth South streets, from Ninth to Eleventh East street, was turned down and will be buried for another year. A quietus was put on the another year. A quietus was put on the petition to pave Thirteenth East street from South Temple to Fifth South; Second South from Thirteenth East to the University of Utah grounds, and Fifth South street from Thirteenth East to the anytange of Mt. Olivet come. to the entrance of Mt. Olivet ceme-tery. The matter was held up indefi-nitely, awaiting the report of the city engineer on how much of the asphalt paving bill for the jobs the city should

Because there are few "American" party voters living in the vicinity Sixteenth West and Fourth No streets, the petition by property owners for an arclight at the bridge across the Jordan river was turned down, in spite of the urgent necessity for an arc light in that place.

#### LABORER HEIR TO FORTUNE,

Battista Penna, Ignorant of His Luck, Sought by Officials.

Batista Penna, an Italian laborer, who is working in the vicinity of Salt Lake City, is wanted by his family in Italy, where he has fallen heir to a fortune. He has not been heard from by his relatives for about seven years, and recently a search for him has been instituted by the Italian consul at Denver, as he was known to have gone direct to Colorado from Italy. It is said that he is now in or near Salt Lake City, and entirely ignorant of his good fortune. Only a few days ago Al Scarcelli, who runs the cafe at 143 west Second South, says he was in his place, and he expects to locate him in a short time. in a short time.

A well attended and highly interest ing housewarming was given Thursday evening in the new workshops for the adult blind in the rear of the Lion house, where not only blind people were present from Sait Lake, but from Ogden and other places. The apartments had been tastetully decorated for the occasion, there was a profusion of flowers, and the evening was so much enjoyed that the distressing affliction resting upon so many or those attending the function was for the time

There was a vocal duct from the Fowler sisters, followed by from the Fowler sisters, followed by an address from the governor. He expressed his satisfaction with the good beginning made in this special line of work, hoping that a larger appropriation would be made by the next legislature. He said the blind had the sympathy of the people of the state. Gov. Spry did not think this would interfere at all with the blind asylum at Ogdea, as this field of effort operated on an entirely different basis. He referred to the excellent work done by Dr. and entirely different basis. He referred to the excellent work done by Dr. and Mrs. J. J. Snider, Mr. Jenkinson, Prof. and Mrs. Talmage, and others.
